

Junior and Senior Core Fellowships 2022/23

Institute for Advanced Study at Central European University

Call for Applications

Deadline for Application: 5 July 2021

The Institute for Advanced Study at CEU (IAS CEU) is pleased to invite applications for its core junior and senior fellowship programs for the academic year 2022/23. Fellowships are available in all research areas of the social sciences and humanities, broadly defined. Fellowships run for the full 9-month period (October-June), for the 3-month short fall semester (October-December), the 5-month fall semester (October-February) or the 6-month spring semester (January-June).

Each year, IAS CEU selects some 25 fellows for its fellowship programs. Fellows are chosen through a rigorous selection process, which includes stages of pre-selection and peer reviews as well as a final decision made by an independent, interdisciplinary and international Academic Advisory Board. The Institute is committed to the pursuit of cutting edge interdisciplinary scholarship and will seek innovative research proposals. Young scholars with demonstrable promise of excellence will be considered; established senior scholars are expected to have solid records of first rate scholarship. All disciplines are welcome. A primary criterion for selection is the expectation that each fellow's stay at the Institute will yield original and significant research results.

IAS CEU is an independent Institute for Advanced Study. It is based at the Budapest Campus of Central European University. As of the Academic Year 2019/20 CEU is operating at two locations, the main university at the Vienna Campus and some institutes and centers at the Budapest Campus. Hosting its programs at the latter campus and in one of Central Europe's attractive cities, IAS CEU seeks to benefit from this new arrangement and to be part of the rich academic life and research generated in both places - from its premises in Budapest, as independent and yet integral part of the university and its location right in the center of city. While CEU was forced to move its accredited degree programs from Hungary to its new campus in Vienna, the Budapest Campus hosts, apart from the IAS, the bi-campus library, the Open Society Archive (OSA), the Summer School Network (SUN), a number of research centres and projects and, since September 2020, CEU's new Democracy Institute.

The Budapest Campus provides a stimulating environment in which fellows can devote themselves to research and share their work with peers through weekly seminars and other community programs. Fellows have access to all CEU facilities, including seminar and conference space, computer services and library resources. They benefit from CEU's vibrant international atmosphere of the two campus arrangement, its strong regional ties in Central and Eastern Europe and its international scholarly networks. CEU facilitates the fellows' engagement with CEU and with the Hungarian and Austrian, the regional and international scholarly communities by encouraging collaborative projects, organizing joint public lectures and related activities.

Scholars at IAS CEU receive a monthly stipend and accommodation in the Raoul Wallenberg Guesthouse, located in the Castle district and in close proximity to the Campus. Fellows are expected to reside in Budapest during their fellowship year, participate in the intellectual life of the Institute and pursue their research agenda.
